

Cribden House School

We will either find a way or make one

15th September 2025

A Team Members 2025/2026:

- Mr Kelleher, Mr Yates, Mrs Livesey, G Cunningham [Snapdragons 1], O Warchol [Snapdragons 2], K O'Connor [Foxgloves 2], K Hughes [Roses], S Walmsley [Roses]
- Mr Kelleher welcomed the new members of the A-team and explained to them what the A-Team do for the school. The children were then given their badges.
- The children were told that the first project for our A-Team was to create a new display for the hall, all about Autism. Everyone in school will contribute by creating colourful pictures.
- Mr Kelleher asked the children what the pictures could be. K Hughes suggested either a heart or the sun, G Cunningham suggested a rainbow, O Warchol suggested a snowflake or a jigsaw and K O'Connor suggested a house. Mr Kelleher suggested using the Cribden school logo as it has a sun already and can be coloured in rainbow colours. We put it to a vote, and the overall choice was to go with the Cribden Logo.
- G Cunningham brought an idea to the other A-Team members about creating a barefoot trail [sensory walk experience] in our school. The children were enthusiastic about the idea and agreed that this should be our main project for the upcoming year.
- Mr Kelleher suggested that the A-Team could help Mr Henderson and Mr Haigh with creating the barefoot trail by doing some digging. Mrs Heys said she could get the materials needed for the trail. K Hughes also suggested that the barefoot trail could be covered with a roof so it can be used all year round.
- After the meeting, the A-Team took a picture for our school Dojo. G Cunningham suggested that the A-Team should create their own Dojo.

Actions:

- Mr Yates to email all staff about the display.
- Mr Kelleher to find a template of the school logo to be printed and distributed around school.

Thanks, The A-Team 😊
