Week 1 – Fantasy Texts
Week 2 – Fantasy Texts
Week 3 – Fantasy Texts
Week 4 – Film & Playscripts
Week 5 – Film & Playscripts
Week 6 – Film & Playscripts
Week 7 – Spelling, Punctuation and Grammar

Mathematics

Year 4 Objectives - Addition & Subtraction using the White Rose Scheme

Year 5 Objectives - Addition & Subtraction using the White Rose Scheme.

Science

States of Matter – In this unit we will learn about ‘States of Matter’ from the White Rose scheme, pupils explore solids, liquids, gases, investigate melting and evaporation and learn about the water cycle through hands on experiments and enquiry.

Forest School

The children will be exploring a range of activities in Forest School. Topics that we are learning throughout the term will be incorporated into each session. Free play and the exploration of the outdoor environment is encouraged allowing the children to fully express themselves. Core Forest School skills will be developed such as tool making, fire building and the handling of plants/forest equipment.

PSHRE

Our ‘**Celebrating Difference**’ unit explores uniqueness, judging by appearances, bullying awareness, accepting others, promoting empathy, respect and problem solving in social situations.

PE & Physical Activity

‘**Basketball**’ is our unit this half term focussing on dribbling, passing, shooting and teamwork through small-sided games and skill-based activities.

Autumn 2 - Learning Plan

Snapdragons

Computing

Game Designer – The Purple Mash ‘**Game Designer**’ unit teaches pupils to plan, create and evaluate 3D games using design tools, coding concepts and interactive environments in 2DIY 3D.

Design and Technology

Our ‘**Sparks Might Fly**’ Design and Technology unit focuses on exploring electricity and its applications. We will be completing a **second** project based on a moving fairground game. Children typically:

- Investigate how electrical circuits work.
- Design and make a product that uses a simple circuit – A moving fairground game using a small motor.
- Learn about safety with electricity.
- Explore how inventions have shaped the modern world.
- Develop ideas through sketches, prototypes and evaluations.

MFL

This half term some of the topics covered will be learning basic Spanish communication by continuing practising greetings, food, hobbies through songs, games and role play to build confidence in everyday conversational skills.
